BARRINGER HIGH SCHOOL

Newark,
New Jersey

Traditional Thanksgiving pep assembly is always a memorable event.

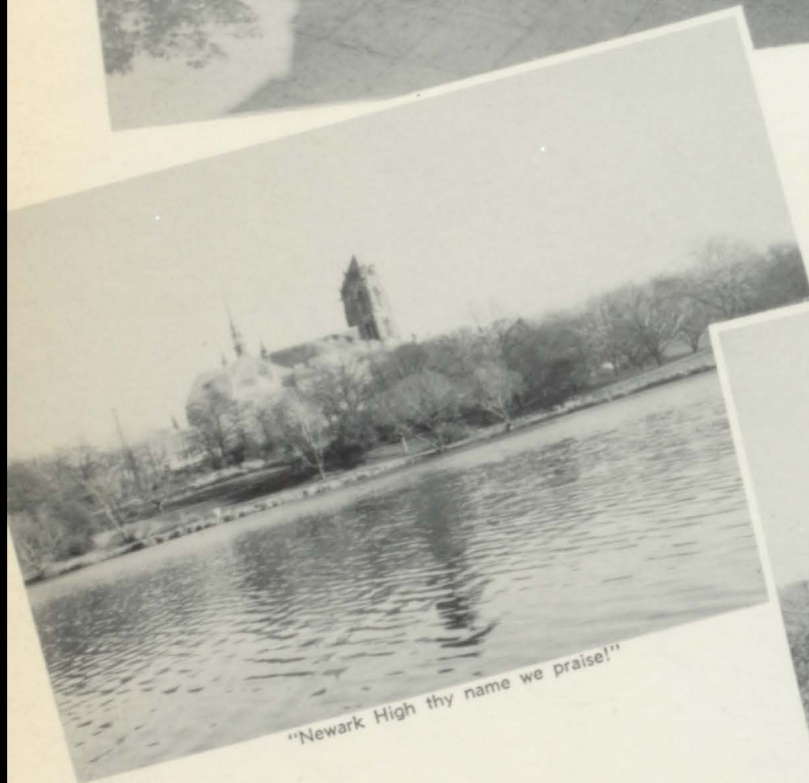

Seniors enjoy Indian summer frolic.

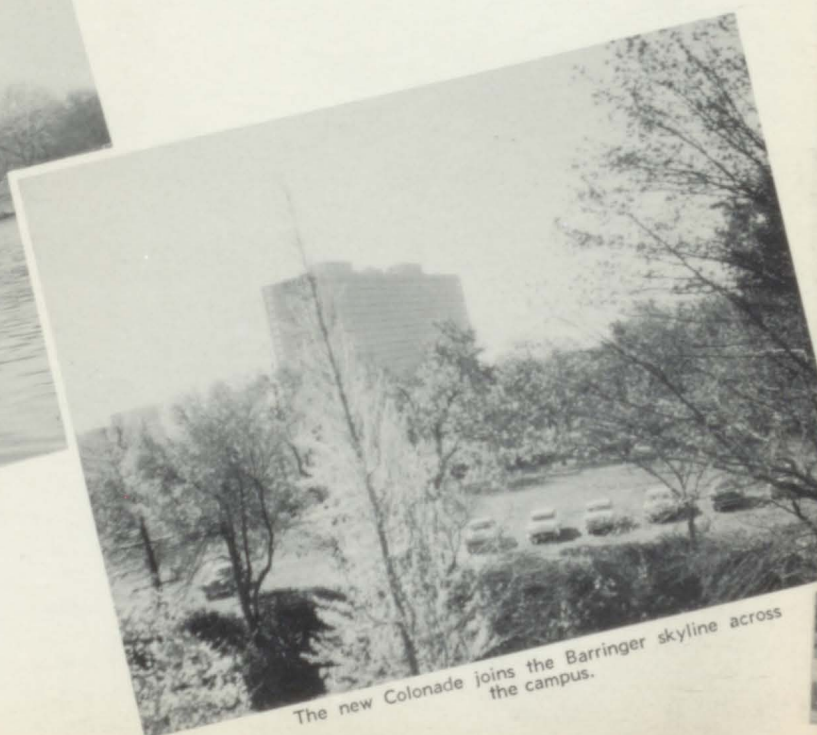

The young lions gather at the public forum.

CAMPUS SIGHTS

"Newark High thy name we praise!"

The new Colonade joins the Barringer skyline across the campus.

The storm of 1960 had its lighter moments.

Holiday on ice for Barringer coeds at campus rink.

AND SOUNDS

One hundred and twenty-three years of learning, service and tradition.

The smoking lamp is now out!

THEME:

The Pursuit of Excellence

Capitalism is the dynamic force behind our economic growth and prosperity. Senior economics classes study in depth the dynamics of our economic system.

THE NEW

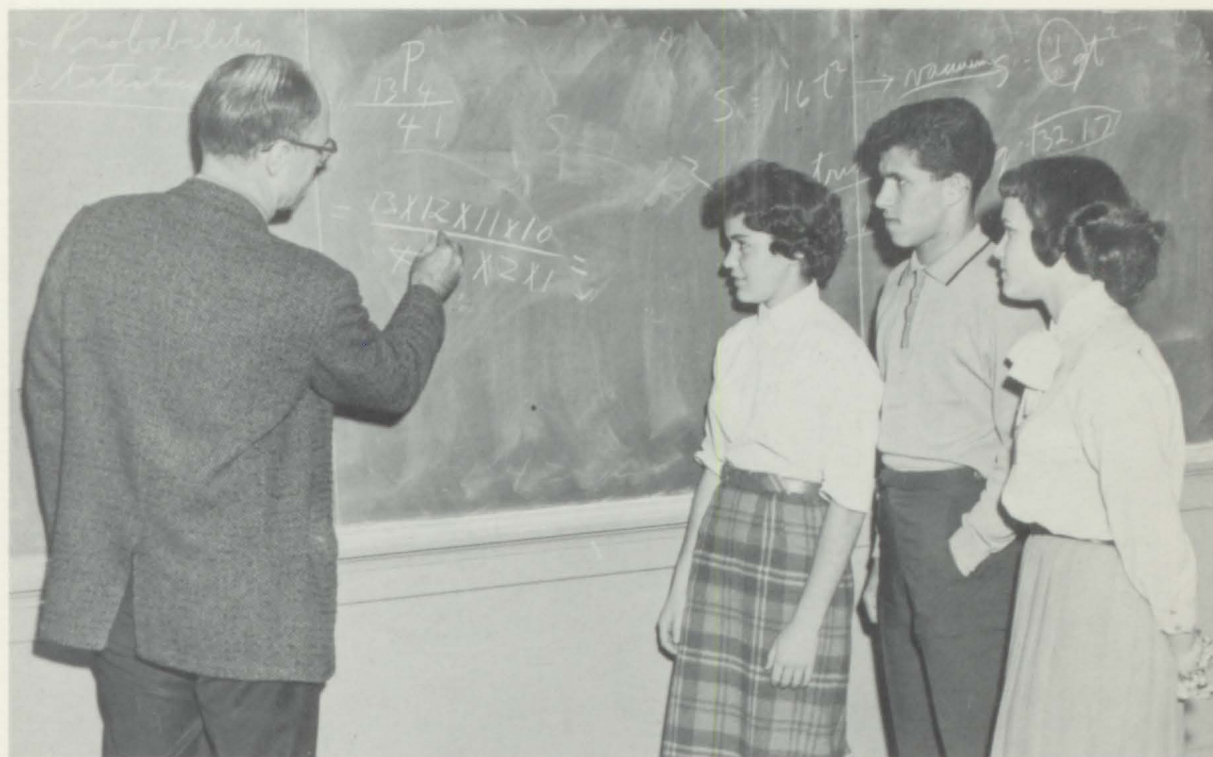

Today's world is changing as the clock ticks. Events in the earth's remotest regions affect our lives. New sciences, new nations, new personalities open up new horizons and create new challenges.

At all levels, the frontiers of the universe are being rolled back by the scientists of our day.

Education must anticipate the world of the next generation in its training programs of today. For this is a time of new problems, requiring

The Foreign Language Department is the first in the city to boast of a language laboratory, created by the ingenuity and the personal financial resources of Dr. John Giannini.

Seniors in Advanced Algebra study problems of probability and statistical inference. This type of math will lead us to the new frontier of science.

FRONTIER

new and untried solutions. At Barringer High School, which has traditionally maintained the highest standards of excellence since its establishment in 1838, the administration and faculty were quick to respond to the demands of this turbulent, revolutionary nuclear age. Without prodding, without smugness, and without complacency, they quietly and assuredly stepped out in front and led the way to the new age of man.

Young chemists observe the chemical activity of the halogens. Micro-chemistry, special experimental projects, and a two year course integrating chemistry and physics are among the more recent innovations.

DEDICATION

Here's to
Our Most Gracious Lady!

MISS EDITH SCALERA

We are most delighted and proud to announce that the January Class of 1961 has dedicated its yearbook to Miss Edith Scalera.

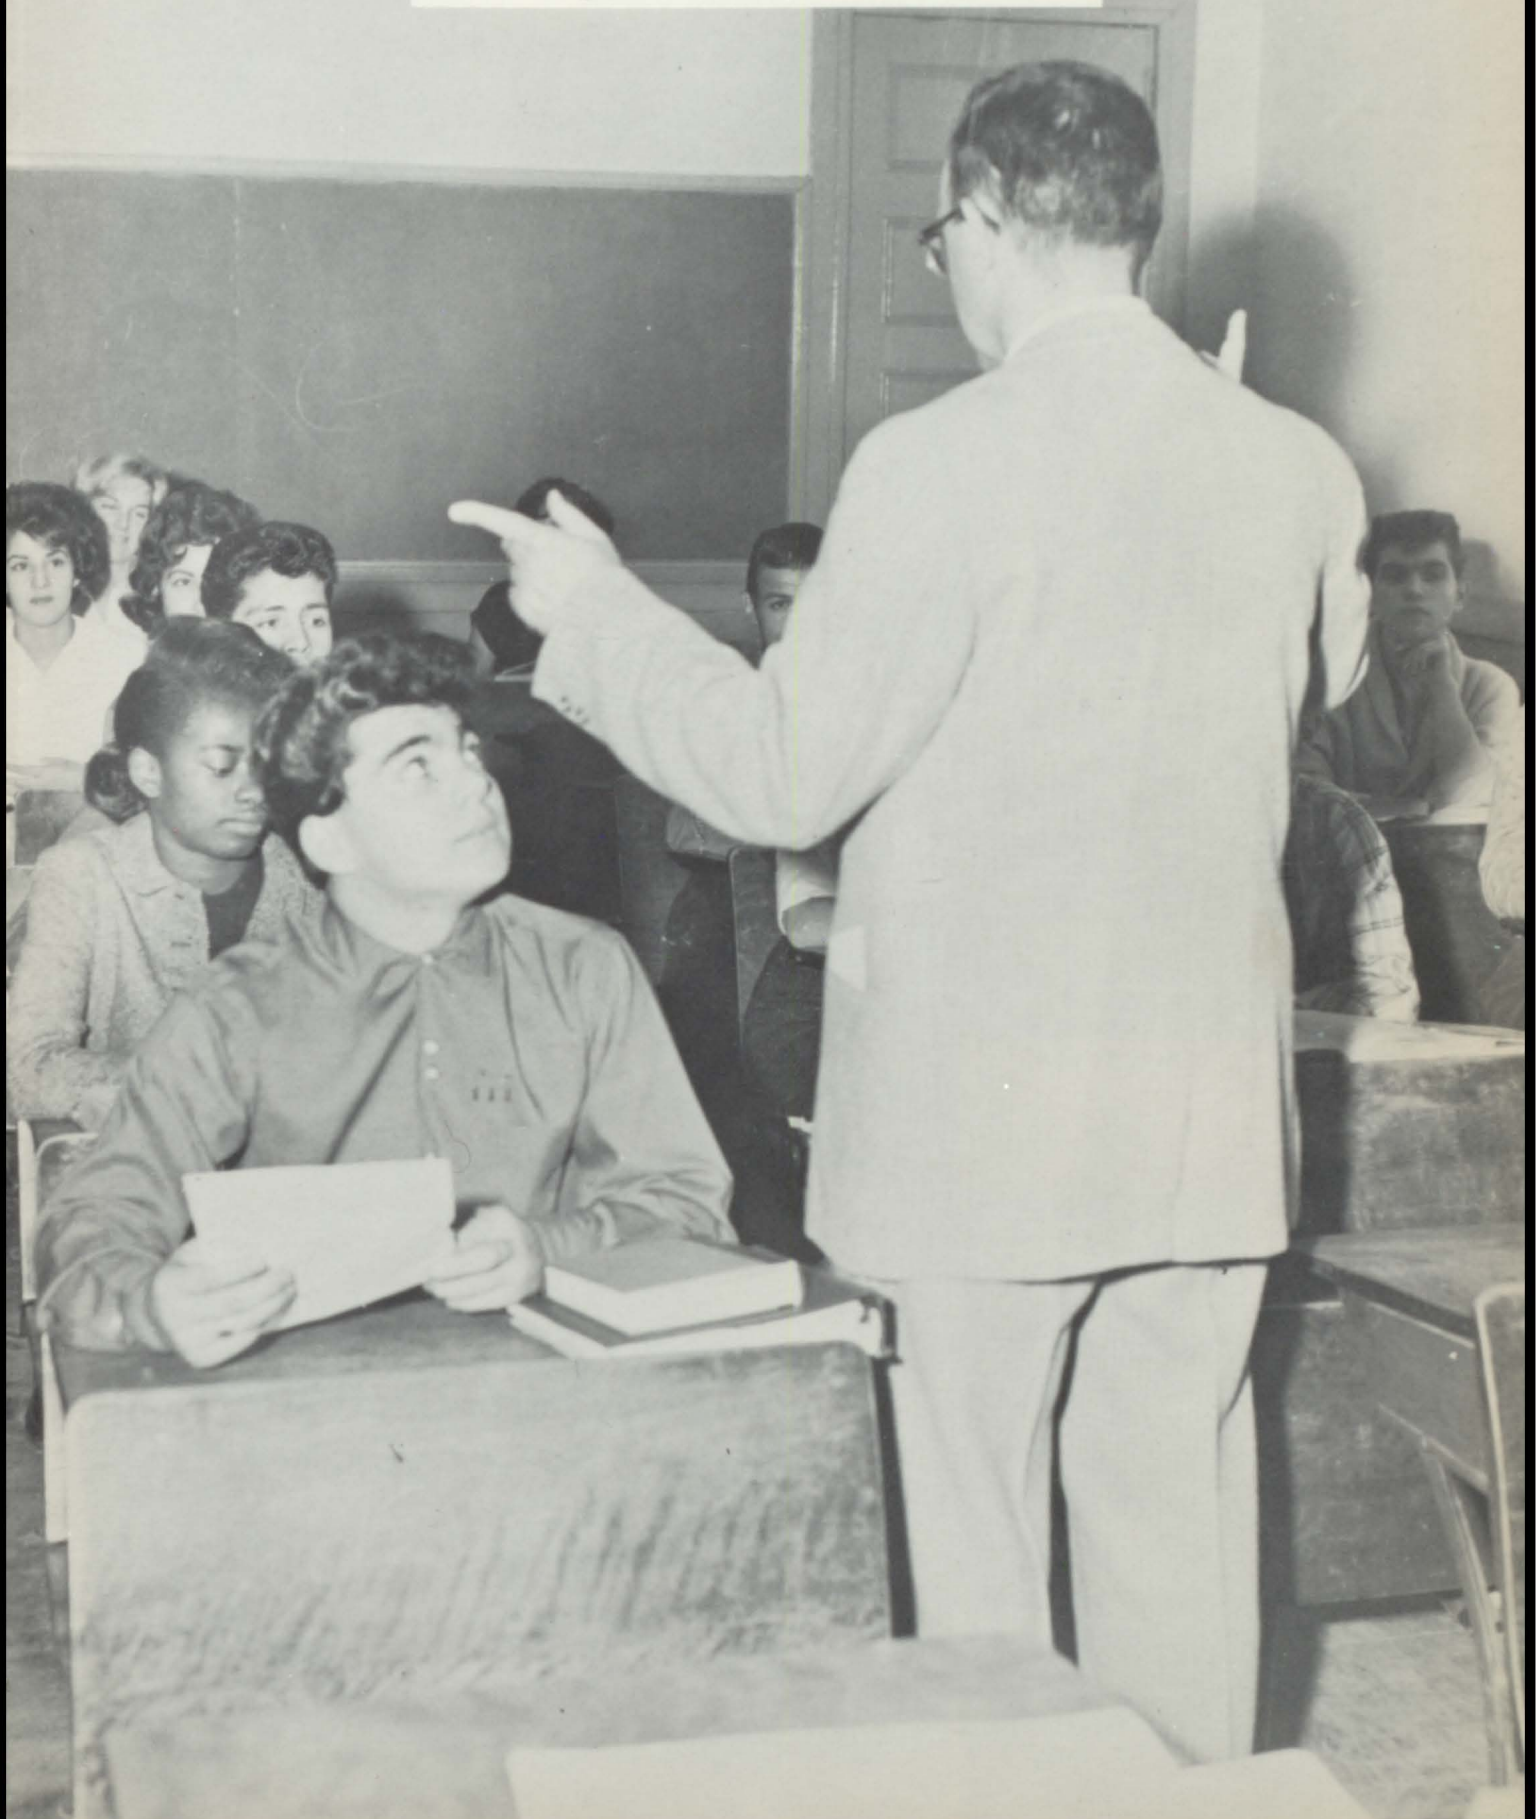

Miss Edith Scalera is a physical education teacher who is always up on her toes and just as peppy and vivacious as the cheerleaders that she trains so well. Poise, grace, rhythm, refinement and good taste are cardinal points of her imaginative instruction. Her vigor, hearty laugh, gracious manners, attractive and tasteful demeanor are most refreshing to those who know her. Beneath the surface is a lady of perceptive awareness and sophistication. Her enthusiasm and dedication are a constant inspiration to her students and colleagues.

As an alumna of Barringer High School, Miss Edith Scalera has always manifested a very special feeling for the students of our school. She has personally extended herself by word and deed to encourage her students to be their best and do their best. Her zest for good and wholesome living has raised the sights of many of her students.

We are indeed most grateful to our Fair Lady!

National Honor Society, Yearbook, Student Council, Science Club, Red Cross, Future Teachers of America, Guidance Office Monitor, After-math Club, Dance Committee.

The fundamentals of English expression are emphasized in all English classes.

IN MEMORIAM

He Kept His Faith

"... We fight our country's battles
In the air, on land, and sea;
First to fight for right and freedom
And to keep our honor clean;
We are proud to claim the title of
United States Marine. . .
... In many a strife we've fought for life
And never lost our nerve . . ."

THE MARINES' HYMN

NOW AT REST

Now at rest the flesh and bone;
Eternity claims the soul;
But we, his friends, so much have known
To cherish and extol.

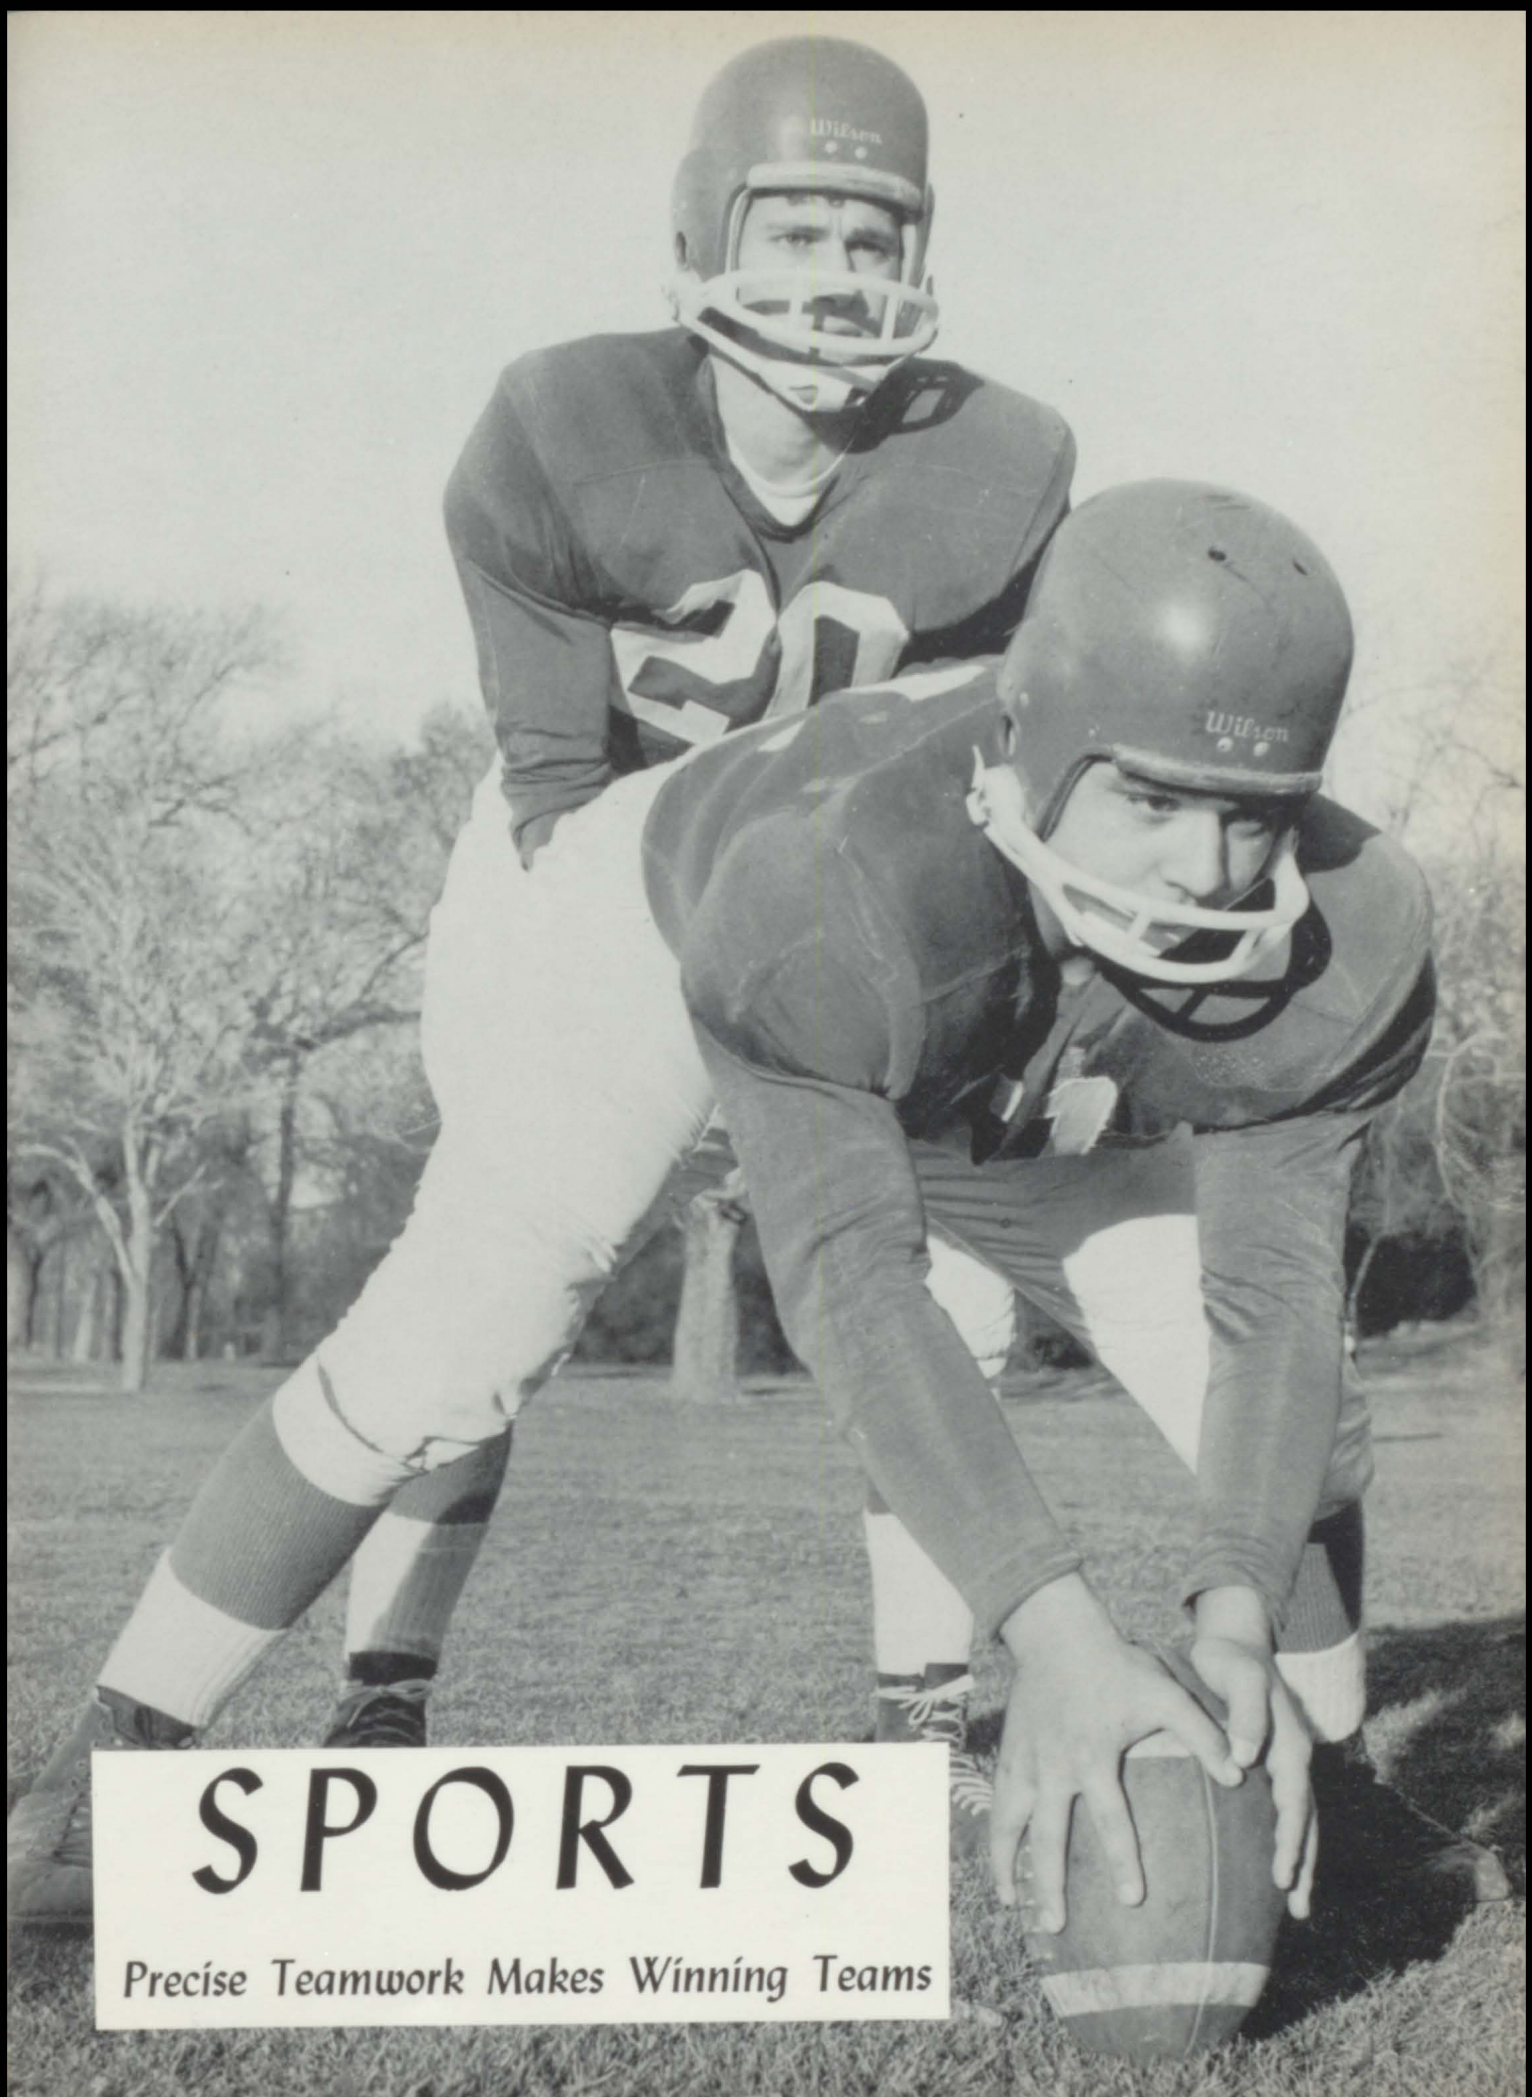

Many years in youth's domain
He labored gallantly;
His goals were strict, his views, humane;
These be his legacy.

ACTIVITIES

Seniors Go Haywire

BARRINGER OFFERS EVERY

At Barringer High School, there are twenty extra-curricular activities and organizations, which meet after school hours. Visitors to the school are amazed and surprised at the beehive of furious activity taking place in the building after 2:30 p.m. The Acropolis is scurrying to meet its deadline; the Radio Club is broadcasting to a ham operator in England; the Italian Language Club is taping a program for

Three officers of the Newark Youth Council are Barringer students.

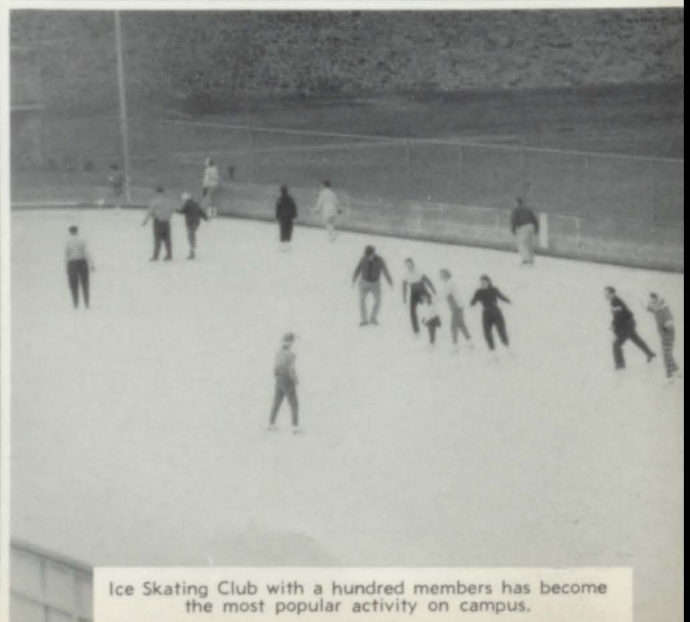

Red Cross Club delivers Thanksgiving food baskets to the needy.

Radio Club operates our own radio station as well as a ham radio, which maintains world-wide contact.

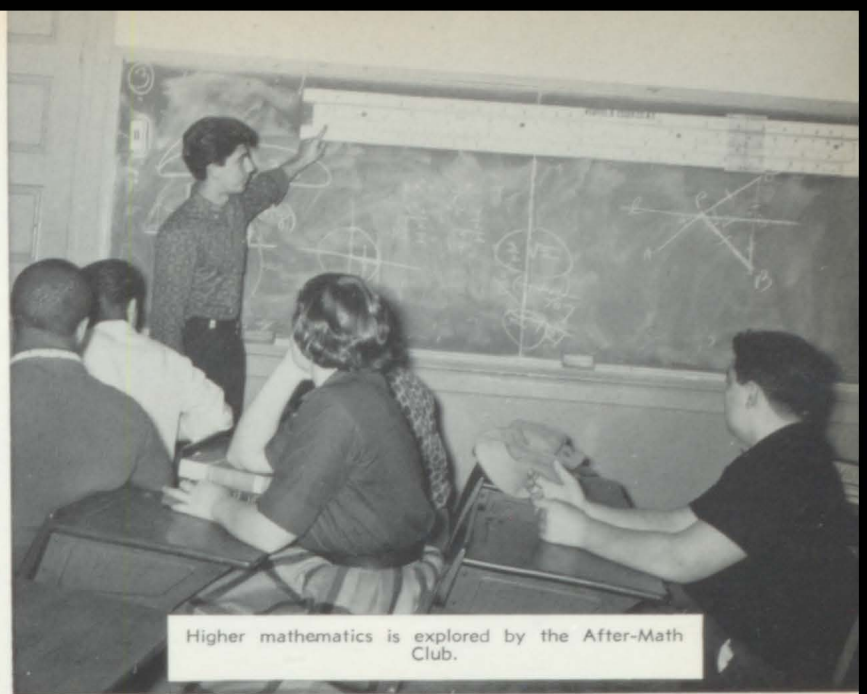

Acropolis Staff discusses editorial policy with adviser, Miss Girkont.

Ice Skating Club with a hundred members has become the most popular activity on campus.

ACTIVITIES FOR INTEREST

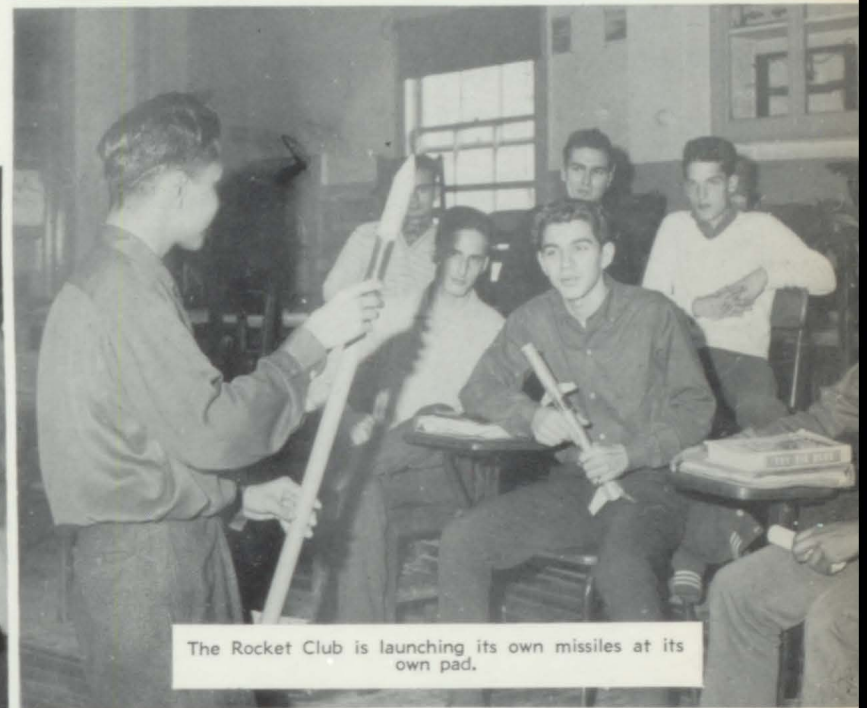

station WBGO; the Creative Writing Club is composing poetry; the Music Club is off on a trip to the Metropolitan Opera; the Future Teachers of America are working every afternoon as volunteers at the Hospital for Crippled Children, and the Bowling Club has an exciting intramural league. So, it goes. That shout you just heard is the Chess Club celebrating its victory over Newark Arts High.

Higher mathematics is explored by the After-Math Club.

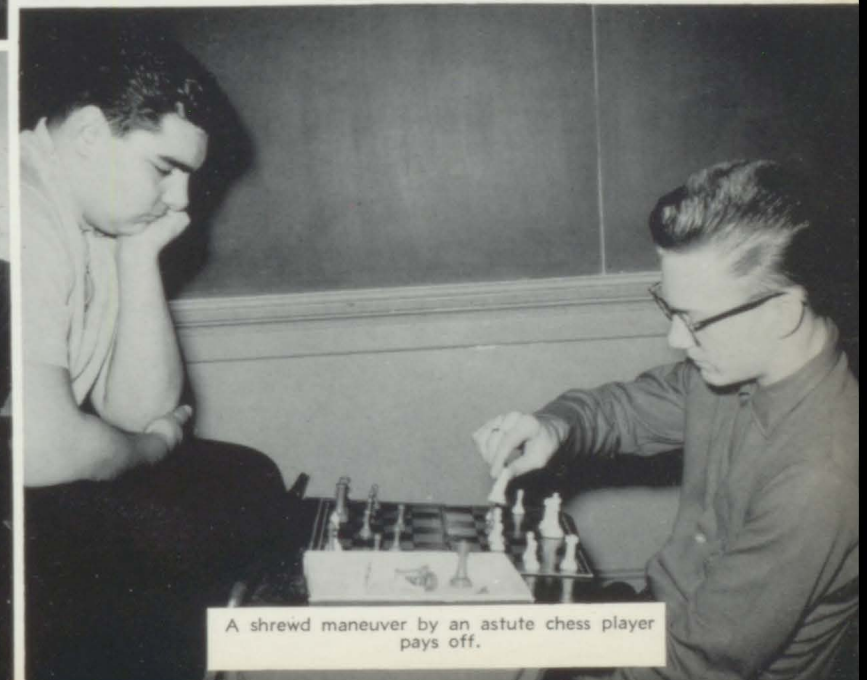

Biology Club dissects a juicy frog . . . ugh!

The Rocket Club is launching its own missiles at its own pad.

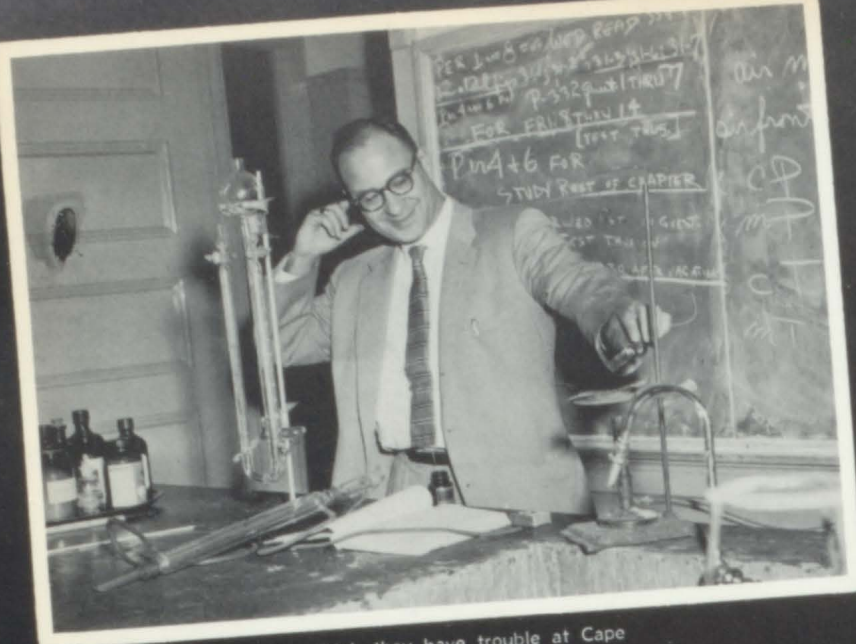

Audio Visual Aids Club operates all the equipment in the school.

A shrewd maneuver by an astute chess player pays off.
